DEPARTMENT OF STATE,
Washington, January 31, 1914.

The honorable the SECRETARY OF THE TREASURY.

SIR: I have the honor to inclose herewith a copy of a letter from the Secretary of War covering a list of expenditures incident to the maintenance by the Army of Mexicans and their families interned at San Diego, Cal.; Brownsville, Tex.; and El Paso, Tex., and vicinity, together with a statement of expenditures which, it is stated, will have to be made in the future to take care of the large number of detained Mexicans at the time en route to El Paso, and a statement of the probable future expenses incident to their detention.

These expenditures have been made thus far through appropriations for the maintenance of the Army and from supplies purchased for the use of the Army. The Secretary of War asks that steps be taken to reimburse the War Department, and to this end I submit inclosed, with the approval of the President and with a view to its transmission to the Speaker of the House of Representatives, an item of appropriation which I strongly recommend, and which I hope will have the early and favorable consideration of the Congress.

I have the honor to be, sir,
Your obedient servant,

(Signed) W. J. BRYAN.

WAR DEPARTMENT,
Washington, January 17, 1914.

DEAR MR. SECRETARY: I am submitting herewith a list of expenditures incident to the maintenance by the Army of Mexican prisoners and their families, detained at the request of the State Department, at San Diego, Cal., Brownsville, Tex., and at El Paso, Tex., and vicinity.

I am also sending you a statement of the expenditures which will have to be made in the immediate future to take care of the large number of Mexican prisoners which are now en route to El Paso, and also a statement of the probable future expenses incident to their retention.

I have the honor to request that steps be taken to reimburse the War Department for these expenditures, which have been made thus far from appropriations for the maintenance of the Army and from supplies purchased for the use of the Army.

Very respectfully,

LINDLEY M. GARRISON,
Secretary of War.

The honorable SECRETARY OF STATE.

WAR DEPARTMENT,
OFFICE OF CHIEF OF QUARTERMASTER CORPS,
Washington, January 17, 1914.

Memorandum for the Chief of Staff, for consideration of the Secretary of War:

I have the honor to transmit herewith memoranda as follows:

D. O. D.
FEB 20 1914

(a) Expenditures made or liabilities incurred on account of 420 Mexican internes at San Diego, Cal., to Jan. 17, 1914.....	\$50, 128. 48
(b) Expenditures made or liabilities incurred on account of 5,325 troops of the Mexican federal army, women, children, and camp followers, amounting to.....	50, 168. 00
It will be noted from the memorandum (b) that a number of articles were requested by Gen. Scott which have not yet been supplied. If it is decided that these articles are to be furnished, it will increase the amount expended to date by.....	
	41, 958. 50
Total to Jan. 17, 1914.....	142, 254. 98

It is understood that there are approximately 420 internes at San Diego, and it is therefore estimated that the expenses incident to this camp will be approximately \$250 per day.

From the best information obtainable as to cost of the rations, expenses incident to the delivery of rations, and other necessary supplies to the camp to be established at Fort Bliss, the cost per day per capita for the 5,325 men, women, and children held at that point is estimated at 40 cents. On this basis the per diem cost for the maintenance of this camp will be \$2,130.

From this date on it is estimated that the expenses will be about \$2,500 per day for the two camps. On this basis the total required to January 31, 1914, would be \$37,500; for the month of February, \$70,000; and approximately \$75,000 for each month thereafter so long as these people are cared for by the United States Government under present conditions.

In conclusion, attention is invited to copy of a letter from the Auditor for the War Department dated January 15, 1914, transmitting copy of a proposed joint resolution herewith. Should this resolution pass there will be no difficulty in the prompt settlement of the accounts, and corresponding reimbursement of the appropriations of the Quartermaster Corps.

J. B. ALESHIRE,
Chief Quartermaster Corps.

JANUARY 17, 1914.

It is further estimated that when these prisoners and refugees are interned in the detention camp the cost will be approximately 40 per cent per day per person, a total of \$2,130 per day.
